Album Notes

BOX-SET is a 4-CD set containing 104 remastered tracks, 35 of which are rare or previously unreleased, including the previously unreleased Misfits debut album STATIC AGE and the original "Cough/Cool" single. It also contains a 28-page full-color booklet with complete lyrics, liner notes by Eerie Von, a complete discography, never-before-published photos, rare artwork and memorabilia. BOX-SET comes packaged in a coffin-shaped box with a faux-velour lined interior and includes a fired-enamel "Fiends Club" badge. Misfits (U.S.): Glenn Danzig (vocals); Franch Coma, Doyle, Bobby Steele (guitar); Jerry Only (bass guitar); Arthur Googy, Joey Image, Mr. Jim, Robo (drums). Personnel: Glenn Danzig (electric piano). Liner Note Author: Eerie Von. BOX SET contains most of the Misfits recorded output, including COLLECTIONS I AND II, LEGACY OF BRUTALITY, EARTH A.D., EVILLIVE, and even the legendary long lost STATIC AGE album. Rarities, unreleased studio cuts and almost every cough, hiccup and burp that the original Misfits committed to tape in their all-too-brief history as a recording unit are also featured. The best of the unreleased material includes killer versions of "Night of the Living Dead," "I Turned Into a Martian," "Violent World," and "20 Eyes." Collectors may have most of this stuff in one form or another, but for a fan desiring the vast majority of the Misfits crucial releases (and not much wasn't crucial), this is a must-have. As an added bonus, fans will salivate over ex-Samhain member Eerie Von's liner notes and the comprehensive lyrics. The packaging (a mini-coffin) is probably the most appropriate design for a box set yet to be produced.
